“ I think back to the 80's and meeting Barb while working at the county. She was that kind of person that you were immediately drawn to because of her warm, caring and friendly personality. Although we did not see one another recently, there would always be those special memories and times of running into Barb and seeing her again, even for a brief moment. And, yes, that smile would warm your heart each and every time! You will be missed by so many people, Barb. Rest in peace.

And our love and sympathy go out to Tony, family and four legged friends. Fondly,
Kim (and Keith) Ferro

“ In loving memory of my Auntie Barb,
When I think back to the good times we had together a smile is brought to my face. I can't think of one moment when Barb did not have a smile on her face. She was always good at taking each day as it came, enjoying the small things in life like flowers, the sunshine, and most of all the color orange.
It always amazed me at how much this women smiled and laughed. There were moments when we would laugh so hard it would nearly put us on the ground. She also had the cunning ability to bring laughter and joy to my Uncle Tony. When those two were around each other there was never a dull moment. Truly meant to be.
During my few years of living in Colorado they became my go to people whenever I had some free time. I always enjoyed being in their company as a child but this provided an opportunity to really become aquatinted with my Colorado family. The most memorable moments I will forever cherish are my awesome tractor and golf cart rides with her around the ranch, being there to see her expression when Tony bought her a stereo system for the Tahoe, every single white Christmas we got to spend together, always being in the line of fire while she had her camera out, shooting countless amounts of ammo during the coldest of days, and of course jamming to some good ol Rock N' Roll.
It is still hard to believe she has passed from this earth even though I know it was for the better. Now she is in Heaven with other family and friends, most importantly her Dad who she missed so dearly. I will forever remember Auntie Bard as the most caring, funny, and truly kind person I've ever met.
Love you lots and lots and lots!!!!

“ Barb was one of the Kindest, most generous person I have ever know. Her Beauty and her laughter will be greatly missed by me. She was always so pleasant to be around no matter how much she hurt. No one should ever go through what she went through. I know she is at peace . I love Barb.

“ Tony,

Michael and I are so sorry to hear about Barb's passing. We want you to know that our thoughts and prayers are with you at such a difficult time. Some of our best memories in Ft. Collins were the times we spent with you and Barb. You were both always so wonderful to our kids when they were little, and were very supportive and helpful whenever I needed a helping hand when Michael was away with work. May the many good memories the two of you shared help to ease your sorrow.

Love,
Michael and Carolyn Theret

“ In Loving Memory Of My Little Sister,
As I mourn the passing of my Sister, I find myself drifting back thru the memories of the time that we I spent together. And I cannot help but feel blessed for her presence in my life and would like to share my thoughts with her friends and family.

From the time that we were born into this world we were never apart. Even though we physically moved to different locations throughout our lives, we were always connected. Barbara played such a large part in my life and who I am today. I was always touched by her beautiful soul and the way she saw this world we live in. She found the good in everyone and everything around her, never hesitating to make a positive difference in someone's life while in their time of need. Her smile would light up a room, her laugh was soft and surreal and her eyes would twinkle brightly at the thought of someone's birthday or special holiday. She deeply touched me every day with the love she had for family, friends, flowers, photography, mountain lakes..... summer winds in the pines, fall time breezes in the Aspens, blankets of fresh fallen snow in the early morning sunlight on a winter day and beautiful spring time flowers.... little puppy dogs, furry little kittens and big gentle horses... fast cars, fast bikes and loud rock and roll. But most of all, the love she had for her soul mate, her best friend, her husband.... Tony. Her friendship, support and care for him from the time they met as young teenagers was equaled only by his love, care, friendship and support for her. Together they embraced the beauty all around them... and stood strong against the storms of life.... and now, that our Lord has called her home to fly free with the Angels, she will watch over him, over all of us, from the beautiful heavens above.

Barb, you will forever be in my heart and in my soul.....
We all Love and Miss You Terribly!
You're Big Brother, Byron
