“ My Aunt Bernel was a beautiful person in my eyes. She was always kind & loving. As a child I went a lot to her house and would go spend weeks with her when she moved away. She always welcomed me with open arms. Later on in life my family got to know her and came to love her as well. My heart and love goes out to her kids and grandkids. May you R.I.P. my beautiful auntie. I will miss you and keep your memory tucked safely in my heart! ☐

“ Bernel has been a close friend of my family since as long as I can remember. She used to pick me up from school when my parents couldn't, and we would enjoy lots of laughs and great company while she cared for me until they got home. Bernel had a wonderful sense of humor. She and my mom were great friends, whether Bernel was helping my mom organize our home or whether the two were spontaneously taking trips to Las Vegas or jetting off on a cruise together. Bernel provided us with friendship, courtesy, and love throughout her time with us and she will be dearly missed by all in our family.
