“ Goodbye to my brother, Doug...
may you rest in peace at the right hand of Jesus Christ.
You deserve that, your life was so stressful, i wish i would have done more to help you out... i will always regret that.
peace to you now....I LOVE YOU Doug

Greg Bengford - July 27, 2011 at 12:00 AM

“ To My Loving Brother... May you rest in peace. You are in Heaven now, you have nothing more to worry about. Say hi to grandma for me! I love you so much Doug

“ The thought of Doug being gone from this earth brings tears and sadness.
But the thoughts and memory of Doug has brought out alot of laughs and pleasant memories. Like the times the Dougs were running around naked and I knew Doug was destined to be a Vet after watching him cut open a perfectly healthy garder snake so that he could try save its life. You leave me with many smiles and I know you are smiling next to Jesus

“ I first met Doug working together at Banfield. He became a good friend. More like a brother to me. He was the type of person that would give you the shirt off his back if he could. I have alot of good memories that I will cherish. I will miss you terribly Doug.

“ Uncle Doug,

From your goofy jokes too your big heart. We all miss everything about you so much. Through all the adversity that you faced, you inspire me to keep going in life everyday just as you did. Although you may only be a memory now, you still and forever will be my uncle. Love you so much. Thanks for everything you've done for me and I will never ever forget you.

Your little nephew,
-Austi

“ It was with great shock and sadness that I saw Doug's obituary in the 7/31/11 Sunday paper. I first met Doug when he was at Nelson Animal Hospital in Littleton, CO. Later we went to him at Petsmart. He was the most caring and kind veterinarian and he was very well respected. He will be greatly missed.

“ I don't remember much about Doug but Kelly was a great friend. I'm so sorry for your loss, prayers for the entire family for peace and comfort through this difficult time.

Kimberly Hofferber - July 27, 2011 at 12:00 AM

“ Growing up on Glenmoor Drive, I had 5 brohters..., Randy, Mark, Greg, then Doug and Doug (better known as "The Doug's") I also had two sets of parents; two sisters, Kindra and Cheryl; and one best friend, Kelly! That was my family.

It's been years since then but I must say my heart still feels the love and holds dear to the memories of those days and the all the summers we'd come back to Colorado to hang out with the Bengfords!

Family is a good thing to have because with family the joys multiple and sorrows divide. Much love to my Bengford Family and extended family.... you're in my prayers.

“ Dr. Bengford treated our animals in Littleton, Colorado. His kind, gentle manner was a comfort to us and our pet friends. I am so sorry for your loss.

“ I am so sorry and shocked to hear that Mr. Bengford passed away. We had a vet appointment this morning and just found out. He was so loving and caring to my dog even though my dog growled and barked at him every time. My Carson thinks he has to protect me from everyone. Mr. Bengford, you seemed like such a loving and caring person. I'm sorry you had to leave so soon and the lost of pet care you gave will be missed.

“ Was sorry to hear about Doug's passing. I have not seen him since High School. Hope that his memory lives long with you and know that he is watching over you and will be missed by many.

“ My mom told me of Doug's passing, and I have been profoundly touched by this news. I remember the late-night games of "Feudal" and other strategy games, the early winter pond hockey games where we had to quit because the ice was melting at the shoreline (and the time Doug fell through the ice trying to save my Pittsburgh Penguins puck). I was blessed to have a friend like Doug when I was growing up - I can truly say that I am a better person because of him.
To Mr. and Mrs. Bengford and family - you have my prayers and condolences.

“ I was truly saddened to hear that Dr Bengford had passed away. I have been taking my animals to Banfield for many years and always requested to see him when he was working. He was a patient and understanding doctor and always had time for me and all my questions.

Tyler and Mitchell, your dad was a very kind, wonderful person. I will really miss seeing him, and I know many other people will, too. I want both of you and the whole Bengford family to know that I am thinking of you all. Take care.

“ Doug and I had an interesting past. After graduating from veterinary school I practiced in California for 4 years. At the time of Doug's graduation I move back to Colorado and Doug actually took my position in California. When he moved back to Colorado he soon became an associate at our hospital. We shared many difficult and enjoyable times during the 13 years we worked together. I will always remember the birth of Ty and Mitch and how proud a father he was. What always impressed me was his desire to take on difficult cases, especially when surgery was involved. It would be impossible to enumerate the numbers of animals lives Doug saved and the joy he brought to their masters. Although it has been almost 10 years since he left the hospital, it is rare that a week goes by without a client asking about Dr. B. I will always cherish my association with Doug and am proud to have been his friend.

“ John Johnson and I were just talking about Doug a couple of months ago. He was a person who we wanted to make contact with.

Doug was a great friend and person. I don't know what happened, but I hope Doug is at peace now.

I hope his family knows that he was a great friend in high school to a lot of people. I hope you have many memories to hold on to.

Peace be with you Doug!

“ I met Dr. B in 1991 when we both were hired at Nelson Animal Hospital. We worked together for 13 years and had a lot of fun. As some one previously stated he was the King of "corny" jokes. He also treated some of my own pets over the years and I always knew they were in good hands. He was a very kind person and extremely well loved by his clients. When I had a traumatic event occur to me several years ago he frequently remembered to check in with me and ask how I was doing, but it was never intrusive, he just wanted to let me know that he cared. When Doug moved on to a new hospital we fell out of touch with each other and I will always regret that. Take care Tyler and Mitchell, you were the light of your Dad's life.

“ Growing up Doug and I spent a lot of time together whenever our families could visit.

I remember endless hours catching crawfish, snakes, and anything else that was within reach. Doug was fascinated them by all things living, not too surprising that animals became his career.

I remember going for Ice Cream one night when we were visiting in Ft. Collins. Somehow Doug was left home alone by accident. We brought him home an ice cream, but I still remember he was mad as an old wet hen.

I Love you Doug! Hug Grandma for me too.
Until we meet again.

“ I am very saddened and surprised to read of Doug's passing. He was the vet to both my cats for many years and at several locations. I tried to keep up with him and never knew where he went after Petsmart in Littleton. Doug was extremely good with my very difficult cats and I felt that he cared about them so much. Many animals and their owners will miss him. I know his family will greatly miss him and my thoughts and prayers are with you all.

“ We moved 40 min. from Lakewood and regrettably had to transfer my dog's Banfield plan. You see, Dr. B was such a great vet and kind human being that I was debating on changing vets or not. My dog loved him so! He is greatly missed!
