“ My aunt lori was an amazing women who cared so much about the people she loved. She would always say the dumbest jokes but that was her. She would always call us on our birthdays and play us "happy birthday" on the piano. My fiance and I went out to Colorado 6 months before her passing and I am so happy and grateful I got to see her and spend the evening with her. She always talked about how excited she was about our wedding. The world lost her too soon. She was such a beautiful person and she will be missed by many people! I love you aunt lori! Rest easy and say hi to grandpa and grandma. We all miss you so much. Until we meet again. Love, Bradley "your favorite nephew"
