

Alan Armbruster

March 17, 2024

Alan Armbruster was born December 8, 1964 in Wakeeney, Kansas and left us March 17, 2024, at Poudre Valley hospital Fort Collins, Colorado.

He attended schools in Kansas and Colorado, graduating from Fort Collins high school and then attended Aims community college for Automotive Collision Repair Technology. While living in Kansas he attended NW Kansas Technical college in Goodland and earned his certificate in automotive technology and associate degree in applied science technology.

With his knowledge he worked on classic, muscle cars and older vehicles, which was something he loved to do. One of his gifts was always figuring out the problem and getting it to run.

He enjoyed fishing and family outings and was an excellent cook. His favorite job was being a bus mechanic and used his CDL to drive a school bus for Windsor RE-4

Windsor, Colorado.

He always loved animals and had many cats and dogs throughout the years.

Preceding his passing were all of his grandparents, niece, nephew and many aunts and uncles on both sides of his family.

Alan is survived by his daughter Almiranda, his father, Larry Armbruster (Ellis, KS), mother, Wilma Hill (Dick), sisters Charyn and Suzanne and brother, Steve Hill (Amber), nephew Shannon and niece Emma. He also leaves behind his two dogs Loona and Thor.

As per his wishes no services will be held. In lieu of flowers please consider a donation to an animal shelter of your choice.

“ There's no words sufficient to express how my brother's passing has affected our family. Fifty-nine years of memories for me, his oldest sister. I'll post later because I am not able to express what I truly want to right now. Love you lotsa & always & all ways will. Thank you for exactly how you were you.

“ Alan was a great guy. He is my best friend (Suzanne Canar) little brother. He was such a cute guy. I remember when he was younger he had the whitest hair. He and Suzanne were really close. He kept her in line. Lol. He will be missed by many. Rest in peace Alan
