“ Being fairly new to the neighborhood we knew Alan only briefly. But during that short time living just a few doors down we saw immediately that he was such a good man. Offering his service unasked around the neighborhood made it easy to see his "spirit" shining. Our condolences to Tracey and the Inada family.

“ *The entire Mohr family is deeply saddened. We are all truly blessed that Alan and his family touched our lives in so many significant ways. We met Alan in 1974 at CSU. He was my graduate school roommate and lifelong friend. Our girls referred to Alan as Uncle Al. Also, I got to share a significant amount of time when we both worked at HP. Alan was the kindest, generous, and caring person to our family, friends and coworkers. We celebrate his great life and hope all of our memories will add comfort to the entire Inada family!*

“ *I don't think I've met a more kind and generous person in a long time. Memories of Alan washing Tracey's car in their driveway, walking the neighborhood, always smiling and eager to help his neighbors any way he could. Not to mention the delicious Hawaiian appetizers he always made for our July 3rd driveway get-togethers! He will be greatly missed in this neighborhood. My heart goes out to Tracey, Andrew and Katy, and all of his family.*

“ I remember how meticulous he was with cleaning cars and always trying his new toys on mine and Katie's cars. I can still remember the time I had a little old red Toyota Corolla that had paint fading on it from the sun and he buffed the paint with some new buffing toy he just got and when I came home my dad thought I got a new car 😂

I used to carpool with Alan and several others to HP Loveland. Even then he was as many of you have said - smiling, thoughtful and kind, the type of person you wanted in HR. He also had a great laugh. Deepest sympathies.
