“ *We wanted to send a thank you to both Alic and Don. When we moved to Poudre Canyon in 1996, they were part of a tremendous welcoming committee that brought us into a very loving and caring community. Best wishes to you both and hope you find each other again soon!*

“ I am very grateful to have known Alice Unger. She has been a dear friend to me and I will miss her.

*She had a great sense of humor and even though she wanted to be with Don she was able to get some joy out of her life as she made a dear friend- Mary McNinch who helped her and loved her. They had lots of good times together feeding and watching the squirrels and birds and reading their own books or newspaper silently together.*

*I am grateful that these two dear sisters were able to help each other, it has been a blessing in my life watching them enjoy one another.*

*Alice loved to have parties and her and Mary would have one anytime they could find an excuse. I was able to plan one with her and Ann Averill and surprise Mary for her birthday. I am so grateful we had that time together doing "surprise things".*

*I loved to hear Alice talk about all the places and experiences she had in her life. I learned much from her.*

*She also gave my children the opportunity of mowing her lawn and that was a good learning experience for them.*

*I loved bringing Alice books from another one of her dear friends who also has MS and couldn't do it herself. Alice read lots of books and recently really enjoyed some historical fiction books "The Work and the Glory" and "Prelude to Glory". She had just finished book 5 and was ready for book six when she passed of the last set of books.*

*Alice has been a blessing to know and I am grateful to have been a part of her life. I am thankful to know that she no longer has the pain that she had to endure in this life and that she can be with her husband again.*

“ We had the honor of living next door to Alice and Don for over ten years in Fort Collins. They truly were of the "Greatest Generation" and were always willing to help anyone at anytime. We will miss them both and treasure the fond memories we have of the times we spent together.
