

## Allen Robert Graham

November 17, 2019

Allen Robert Graham died Sunday November 17, 2019, at home of natural causes. Allen was born September 4, 1970, in Denver, Colorado, to Bill and Laura Graham. He spent his early childhood years in the Denver area. In the 1980s the family moved to Northern Colorado where he spent the rest of his life, mostly in the Fort Collins area where he attended school and worked.

Allen worked many years with his Dad where he learned his residential and commercial construction skills. They did many projects together over the years throughout Colorado.

Allen's biggest passion in his life was his family and his son Drake with whom he loved to talk to for hours, spend time together with him watching movies and playing video games. His other passions include his love for all animals ... especially his cats. Fishing with his Dad, fixing and restoring classic vehicles. He also enjoyed building and working on computers.

He was preceded in death by his father, Bill Graham (died in 2016). He is survived by his son Drake Marion of Windsor, his mother Laura Graham, and siblings Todd, Wren, and Tiffany Graham of Fort Collins. His niece Chantel Gomez, her children Cleo and Theo and husband Rigo of Fort Collins. His nephews Reese Graham of Fort Collins, Aaron Graham of Windsor, and Tierje Fredrick of Fort Collins.

He will be missed by many -- his family and friends throughout the years, but will always be in our hearts, souls, and mind. A celebration of life will be planned at a later date.

Bob  
Nauta

“ I am saddened to just now learn of Allen's passing. We were close buddies growing up in Livermore in the 80's, and I had been searching the internet trying to find him when I came across the obituary. I immediately knew it was my old friend once I saw the picture. RIP Allen, I hope you are jumping ditches on your motorcycle like we use to do!
