

## Andrea Greenwall

November 17, 2020

Andrea Kay Greenwall was born in Boulder on November 17, 1969, to Rhonda and Richard Greenwall. Enveloped in love, she passed away at her home in Ault on her 51st birthday.

Andrea engaged her cancer diagnosis with characteristic grace, intelligence, fortitude & charisma. Her blog, "Staying C-ful with the big C" <https://stayingc-fulwiththebigc.com/> has been a gift of connection & inspiration to many people!

Andrea grew up in Boulder & was a graduate of Fairview High, class of '88. She earned her Bachelor's degree from Colorado Christian University in Music / Vocal Performance and Piano. She taught both disciplines in Fort Collins for several years. Like many people's lives do, Andrea's path twisted & turned. This included returning to Boulder & a marriage to Eric Shreve, which ended in divorce a few years later. That prompted her return to Ft. Collins & to CSU, where she pursued her final degree, a Master in Education & Human Resource Studies, which was awarded on May 16, 2009. Next she completed her work to become a National Certified Counselor, which was awarded on October 02, 2009. Working steadily towards becoming a private practice counselor, Andrea's chosen discipline was IFS (Internal Family Systems), of which she completed the Level 1 Training Certification on March 13, 2011. She was successful in carving out a part time private counseling practice, the latest iteration being with SonderMind, as Consonant Construct, LLC.

The renaissance woman that she was, Andrea worked for Boomer Music Company on, & sometimes off, for approximately ten years. She became known as a "boomerang!" :) This work served her as she worked towards building her education, certifications & private practice. She was a proud member of the Boomer Music Company's core team of professionals. She left Boomer Music Company early in 2017 to segue her career as a counselor with North Range Behavioral Health / Frontier House in Greeley. Andrea was officially with Frontier House, which is a non-profit off chute of North Range Behavioral Health, for approximately fourteen months before letting that go to fully engage with her cancer diagnosis. While there, she was an integral part of the team of professionals & Clubhouse members, as a Rehabilitation Counselor. She loved her work & her time there, & they loved her.

Andrea LOVED speaking & learning French. She spent a year living in France, from the summer of 2012 thru the same of 2013. This time, while challenging on personal fronts, was a true highpoint of her life. She often talked about France, France, FRANCE!! Upon returning home to CO, she was an active member of the French Meetup group in the Ft. Collins area. It was through this community that Andrea met her beloved, Grant.

Our beloved Andrea is survived by her: dedicated, loving father, Richard Greenwall, & his wife, Sue; fiance, Grant Kimball, who was by her side throughout, & his daughter, Montana Waters; & many friends & extended family. We will remember our dear Andrea as she was.... Compassionate. Intelligent. Kind. Loving. Thoughtful. Witty! Beautiful....

Andrea was passionate about her work at Frontier House! Please consider a monetary gift to: Frontier House, c/o Andrea Greenwall Memorial, 1407 8th Avenue, Greeley, CO 80631

“ *I met Grant at lunch while at Sanoviv(Mexico) and we became fast friends. After lunch he introduced me to Andrea and I told her how Grant and I were solving all the world's problems over lunch aka shenanigans... she didn't hesitate and jumped right in with her quick wit and commented "Oh great, Pinky and the Brain". What a great sense of humor, she nailed it and had me laughing for the rest of the day. I still laugh out loud every time I think of the first time I met her. Perfect delivery!*

*The other memory I have was a nice conversation after a long day for us both. During this conversation, she spent the whole time enquiring, steering the conversation back to me, my health problems and how she could help me if I decided I'd like a career change. Here was a woman fighting for her life and still willing to help someone she just met. There's people you meet in this life and they show you the way. Andrea is certainly that kind of person. When I'm having a rough go of it, I try to conjure up her grace. I feel very grateful to have met her. I can only the imagine the impact she had on so many in such a short time here with us. Rest In Peace Andrea*

“ Andrea and I met when we were both students of Internal Family Systems therapy, meeting over six long weekends for a year in Burlingame CA. We became friends quickly, "trading sessions" on-line as we gradually learned the dance steps of IFS. She visited me in the Central Valley of California and I had the joy of sharing Kings Canyon National Park with her! Her qualities of Calm, Compassion, Clarity, Creativity, Curiosity, Confidence, Courage and Connectedness were and are a light. You are in many hearts!

Thank you, Lynn. Yes, her eight C's practice was extraordinary to me. Her example lives onwards.... 🙏

“ I had the pleasure to be one of Andrea's roommates at a week long CWFL retreat. She made quite an impression on me. She was a very kind & intelligent person, a no-nonsense personality. We bonded over a love of dogs. The world has lost a beautiful light, one of the great ones & a void will be felt by many without her.

“ I met Andrea at Chinook Clubhouse when she was an intern there. We were fast friends and I always appreciated her ease, wonder, and compassion. When I heard about her cancer diagnosis I followed her blog and felt each high and low with her. She approached her cancer with thoughtfulness; she was a student of her own body. What an amazing person she was, I'm so sorry she is no longer with us to cast her light.

“ Andrea played the piano beautifully! My favorite memory of her is one Christmas when our kids, her second cousins (?) were elementary school age. Andrea was playing the piano at her Aunt Rae's house while our daughter, Shauna, was sitting on the bench next to her. She played for and with Shauna with grace, love, and patience, which describes Andrea so well! I think she then later let Shauna braid her long, beautiful hair! We all miss her dearly and pray for comfort and clear, long-lasting memories of our beautiful Andrea.

“ Andrea spent a year in France and much of that time was spent in Clermont Ferrand. We warmly welcomed her to Christ Church where she brightened up our congregation with her lovely smile. We are a very small church and her music abilities were a delight to us, her singing and willingness to help out on the piano most Sundays was a gift to us. A year with us was too short as was her life on this earth. She was a generous soul, God Bless. you Andrea.

“ I had the joy and pleasure of singing with Andrea in the church choir in Boulder. Her gorgeous voice soared above us when she sang solos. Her kind spirit blended with all of us. When she moved to Ft. Collins she asked me to take on her voice students and that is a gift which I can never repay. Her "C" journey was open, honest and intimate beyond words. You have been a blessing beautiful woman. Fly free now...and sing for joy !

“ *The first time I met Andrea was at the Light Center in FC. She helped me pick out hanging lights for our entry way. Every single time I turn on my lights I see her. A fitting image for a lovely, bright, warm woman. I’m so grateful for this, as is my husband Jance.*

*Really, at the light center? I think I may remember that, though somehow I have been conjuring it was at your house while I was working on your kitchen remodel. : )*

*Visiting with Andrea and Grant was always a delight. As I got to know her, it became clear that she was a remarkable human being- one filled with love and light, interesting perspectives and great stories. Her courage facing a long and terrible journey was reflected in her blog posts and I will always remember her for it.*

*As Grant's parents, we had too short a time with Andrea. When we did get with her, it was always joyous. She had a definite talent for bringing out the best in people. We loved her as our own. She is missed.*

*I have been deeply saddened by Andrea's passing. Although we corresponded by far I only got to meet her in person when they came to Illinois to meet the family. She was such a lovely person and a real fighter. Grant's Aunt, Kathy Eller*

*I hope this is appropriate to say something here. My name is Tarnie, and I knew Andrea as kids....growing up in school together. I remember she was soft spoken, generous, kind, and had a smile that made you want to be around her. From reading the posts above, it sure sounds like Andrea made a beautiful impact on a lot of people, and in a lot of places. I'm guessing her smile made the world want to be around her! To Grant (I'm assuming you are her husband), and her family and friends....I'm sorry for the pain of not having her here. I pray Jesus holds you strong until you are reunited with her again :) I'm very thankful I knew Andrea.*
