“ Our Andy,

Andy called himself "The Weatherman" because he liked to keep you informed what the day or week was going to be like. Andy always had a kind word like "I want you to have a nice day, OK". You would drive around town & Andy would always reminisce like... "That place used to be a 7-11" or how he Tony, Joe, and Doke bricked this or that. At Trilby and Hwy.287 he was happy to tell the story that the homestead on the SW corner was built by Deanna's grandparents and how he missed her. He and Tony loved to wrap colored line around your lighters, hammer handles, ect... He loved to smoke a cigarette, have a drink and talk on about the same thing like it was new news. He loved moments when his friends, siblings, boys, or the nephews and their families would stop by to visit. Andy would listen to both country and rock for hours in the garage lounge with Heather. He would talk about what groups he saw and where, like the Rolling Stones at a local stadium. He had such a kind sensitive nature, he would get a tear telling a memory. He was a proud of things he accomplished like owning homes and raising his two boys with Christy and Deanna.

He was stubborn and tough as nails. He lived through time in prison, and then later dealing with the pain of his body shutting down with his legs and feet being so swollen with open sores that wouldn't heal. Andy, we are glad that the pain stops here, Brother. We all lost a friend who would just want to go with you to hang out and spend some time. I know I would be a better person if I would try to have an Andy moment once a day, and say one kind thing to someone in my life everyday. You are free from these worldly problems and have been reunited with all your loved ones who have passed before. We all hope, with God's grace, that we will be there beside you one day. Thank you Andy for being a part of our lives. I love and miss you Brother !

I first met Andy in Mrs Curtises fourth grade class at Dunn Elementary. I was immediately drawn to his Rebel attitude and exotic look. I was drawn like a moth to a porch light. Soon I met the rest of the Family Michael, Stephen, Andy, Toni and of course Joe. I wanted nothing more than to be at the house on West Elizabeth. Summers of Rich driving the whole crew to the back coves at Horsetooth reservoir to cliff dive. Andy was always someone I call a friend. The whole Kasack Family are Friends of Dave, Jill and Charlie Sanders. I believe in a higher power, I believe in a after life, I believe this life My be a internship for the next, Some of these lessons are so heartbreaking and difficult. I believe we'll see our Family and lived friends once more 🙏🐱 RIP Andy. I'll see you once more my friend. But not yet, not yet 🐱
