“ *So many good memories! How do you pick just one? Sweet Andy Lee, such a kind hearted young man. Thoughtful and so full of love, great big warm hugs, and the biggest smiles! When his momma told me she named him after me, i was shocked, mostly because i felt overwhelmed with honor and love that she would name him after me.*

He was my first haircut model! Yes I am responsible for the cute bowl cut hairstyle that made his baby ears stick out even more! He is the only one I trusted and loved enough to give my valued Super Bowl ticket and souvenirs from the Broncos first win! And he probably never knew but uae to stuff money in the pockets of his clothes whenever I came over to Vivs house.

I love you sweet nephew. And always will! I know you are with your King and all our loved ones that have gone before you!!!

I miss you!
