“ *Arden worked for me for about a year when I owned Computer Express in the late 1980's. He taught me a tremendous amount about repairing computers, skills and knowledge that lead to a productive career. I am forever indebted to his knowledge and patience in working with me. I also recall a time when he showed me an Great Northern HO layout that he had started building over his garage.*

I lost touch with Arden after he left Computer Express but I've never forgot him. My sincerest condolences to his family.

“ *I am so sorry to hear about Arden, as well as shocked. You two were so much fun on our Deadwood Bus trip. Great times to remember. And remember when he helped me with my computer? He was a great guy and I was so happy for you both when you decided to get married. Dee, he needed someone GREAT like you. Much love goes out to you and to those he has left behind, Arlys*

“ *I enjoyed working with Arden for approximately 11 years - we sat across the hall from each other for most of that time. We had some great late afternoon "chats" and of course he always came to my aid when the computer wasn't cooperating! Our prayers and condolences go out to his family. We are sure he will be greatly missed. God bless.*
