“ *I remember Augie from a time when the kids were little and our families made tamales at the Hineses' house. We all had such a good time together, good food and good people. My thoughts are with you all.*

“ *When we were kids Augie and I used to go to the movies together, I remember his dad chauffeured us to Carmike and we had a really fun time. Augie was such a great friend to have. I remember having parties and always inviting Augie because he was so fun to be around and would gel with everyone. We didn't spend as much time in later years but I always knew I had a friend in him. One time we all played the trade game, and one team came back with a couch- then we all proceeded to pretend we were on a talk show. Augie was just the person you made those goofy memories with. It hurts my heart to know how close he was, and now he is on the other side. Love you Augie.*

“ *Augustine and I were close friends throughout elementary school and junior high school. I was one of those kids who didn't make friends easily, especially since our family moved to Colorado when I was in 3rd grade. Augustine and another friend were kind to me during this period, realizing I just moved to town and knew nobody. He was a good friend, and even though we haven't spoken since high school, I considered him to be an important person in my life.*

“ When I was away doing Navy things, Grangie used to send me pictures of everyone to help keep me feeling not so homesick or lonely. She was super proud of you boys participating in traditional Mexican dance celebrations. I love that you found your soulmate and you both know what “loving someone” truly means. When you see Grangie and Pee-Wee and our other family that has passed, give them a hug for me. Love you, Cousin Augie.
