“ *Cava,
Your Mother was so much fun and I am still smiling when I think of her and her wit and easy going way with all us women over at Yoga or on Monday nights sharing good food and wine!!*

May your sadness and loss be accompanied with so many good memories to help ease your tender heart during the days and months ahead.

I didn't know your mom for a long time, but I tell you, honestly, she touched my Soul deeply and I am a better person for having known her.

*With love and prayers for all your family,
Jane*

“ *Sixty years ago two little first graders stopped on the playground to admire each other's matching saddle shoes! A life long friendship was born. Soon there were overnight stays and much to our surprise our parents became life long friends. So much that we felt like family not just friends. As each of our parents have left, it has left a hole for all of us. Bea is my last mother to leave. But a better set of parents, we couldn't have had. I hope they are all back together again.*

She was a wonderful person, so kind and loving. She made you feel at home around her. I enjoyed as a child being around Bob and Bea at the farm in Riverton, WY. My parents were close friends with both of them growing up. They were my God parents and it was an honor! Will miss this wonderful woman!
