“ CJ was one of my most trusted friends. We met at work, became instant pals, and despite moving on to different jobs, we remained connected for over 30 years. She was my hiking, traveling, hang out and talk endlessly friend. We laughed through good times and supported each other through challenges. I always admired how strong, independent, yet compassionate and caring CJ was with those in her life. We didn't agree on everything, but could share our honest views, true feelings, and still hold respect for each other... knowing the friendship came first. Words can't express how grateful I am to have had you in my life, CJ. I will cherish your memory forever, my friend, and pray we will meet again in the after life. Love you! Julie
