“ I don't know if this will reach her family or not but I just found out about Connie's passing. I've always wondered if Connie was still alive after what she went through in high school. I tried to help the best I could. I lost touch after she graduated and never saw her again but always thought of her especially when I went down her street wondering if she still lived there. I'll always remember one snowstorm we had and so they dismissed school early and Connie packed her little bug with a bunch of us so we could get home. We ended up pushing kids cars out of parking lot before we left. I loved Connie and will never forget her. Thank you to her family for sharing her with me.

“ I only knew Connie for a short period at Wal-Mart, but she left a lasting impression with my husband and I. She was always so friendly with us. If she didn't feel good she never let on. We were so sorry to hear of her passing.
Our thoughts and prayers go out to her family in your time of grief.

“ I worked with CJ on the overnight shift at WalMart for several years. I loved this woman! She was so much fun to be around. She made the long nights much more bearable with her smile and her love for life. She brightened all of our lives with her wild and crazy hats and her love for the Bronco's. CJ always bought Holiday decorations and decorated the Podium at the door. She will be greatly missed and the East Door at WalMart will never be the same without her smiling face. I Love You CJ, go in peace.....Barb

“ *What can I say that many will always remember.... She always greeted anyone and everyone with a smile. She told me that she felt like a bartender at the door...I guess she felt that way because everyone knew that she was always willing to listen, she helped one understand things from a different perspective.. If you were having a bad day she always found ways to make you laugh... She always wanted people to be happy..she was there for me as a friend, through good times and the not so good times...She loved wearing her green antennas for st. patricks day to her pink or blue ears for easter to her bronco hats for any occasion. Cj your free from pain and suffering..you can now ride your harley on the wings for eternity.. YOU girl are now FREE!!!Ride like the Wind! We will miss you always! Oh now you and your dad can watch your favorite sports games forever you big M&M...*

“ *I only knew CJ for a year or so, but we spent many a Sunday night talking for hours on end. We got along better than most of my friends that I have known for decades, she was just that easy-going. She was a good listener, always friendly and cheerful with never a bad word about anyone. I will miss her.*
