

## Dana Allyson Davis

July 12, 2024

Dana Allyson Davis, 57, of Fort Collins, CO, passed away peacefully on July 12, 2024.

Dana had a strong and unwavering love and passion for animals, nature, and trees. She was a dedicated feeder of birds and by default (or maybe on purpose) of squirrels as well. She could often be seen feeding animals in the extreme heat of summer and deep snow of winter. Dana loved all animals unconditionally - cats, dogs, birds, bunnies, squirrels, racoons, ducks, foxes, and moose - just to name a few. Most of them, as we all know, had been given names by Dana and the animals all knew it! She knew most dogs in her neighborhood and always had treats at the ready for visits on her front porch.

Dana had many fur-babies over the years (Bunnie, Dutch, Dandy, Molly, and Willow) and if you knew Dana, you knew that her animals were her life and priority! She would not have a conversation with anyone without talking about her furry kids. She was a deeply devoted mama to her animals and was known to use her work breaks to go home and feed or give medicine on a regular basis.

Her connections with so many wonderful neighbors and coworkers were heartfelt. She kept eyes and ears out for the safety of her neighbors so if you wanted to know what was going on in the neighborhood, you just had to ask

Dana. She also had some amazing coworkers at Thompson School District that made her job so enjoyable. She absolutely loved being a bus paraprofessional and developed a strong affection for all her kids. She also enjoyed seeing movies or grabbing a coffee with friends.

Dana will be deeply missed in this world, but we are all grateful to have known her and to know that we have an amazing guardian angel looking over us and our animals. You are forever in our hearts, dear Dana. XOXO

If you wish to honor Dana, please consider donating to some of her favorite organizations: Rocky Mountain Raptor Program; Animal Friends Alliance, or the Wild Animal Sanctuary in Keenesburg, CO.

“ Dana ,where do I start she was such a dear sweet friend to stop by on my walks we visit and by the time we were done I would turn around and walk back home. Yes she dearly loved her animals even when I would drive by she was out there feeding her animals. I was a bus para and one morning I saw Dana come in and at the same time we both looked at each other and said what are you doing here, then we hugged it was such a a sweet moment. Then after that she would come in with her 2 cups of coffee and we would just stand around and visit. Then when she got her route I looked over and she was on the bus right next to mine so we would pull down our windows till I would hear my driver say Mary Anni it is time to go so we would wave to each other as we drove on by. Ever morning on my drive to work I would looked over at McDonald's to see if she was waiting at the drive through for her coffee. Dana was truly a bright light, and I will dearly miss. Thank you for sharing her with me.

“ Mary Ann Romans where do I start she was such a dear sweet friend . When ever I was out walking and she was out feeding her animals we would talk about anything and everything. One morning while a was also a para on the bus there she was at the time clock and we both went what are you doing here and hugged everyone was watching it was good for us all to experience that beautiful moment. After that it was so sweet to see her come on with her 2 cups of coffee every time I would go by McDonald's I would look for her car because we always took the same road to work. Then when I saw her on the bus next to mine we would roll down the window and visit till my driver said Mary Ann we need to go. I will deeply miss her and thank her family for sharing her with me she was such a light in my life as I'm sure many other people . Love you ☐

“ We will miss our time on Saturdays with Dana and Miss Willow. We would sit on the patio and visit about our week. Dana was a very caring friend who often just stopped by midweek to say "hi" and to see how we were doing. Our deepest sympathy to her family whom she loved so much.

“ Dana and i shared watching our favorite show, Sunday Morning with Jane Pauley. We would text each Sunday and talk about our favorite segment. Of course Moment of Nature was always her favorite!! We did not get to Maine to search for Orbs but hopefully one day Carl and I can do that together in her honor. I will miss her texts with all her animal pictures.
