“ I have so many memories of Dave. I spent so much time over the Allison's house; from the blizzard of '93, to prom, to when we all went on vacation to South Carolina, and having random sleepovers with Tawnia. I remember one sleepover when Tawnia had a flashing street sign in her closet, which is also where her ferret "Schmoe" slept. Dave came in and asked, "How did this sign get in here? I know Schmoe didn't put in it here." Dave then slowly walked out and closed the door. :)

He was a great man, great father. He will be greatly missed. My deepest sympathies to the Allison family.

“ Susan, Tawn, Mark and family,

It goes without saying that I loved Dave very much and am so saddened to learn of his passing. When Matt and I started dating, Dave and Susan opened their arms wide and welcomed me into your beautiful family. I felt more like a daughter than a daughter-in-law. Our visits to SC were filled with so much love. After the hurricanes and Matt's death in 2004, Dave and Susan came to our house and Dave, my brother Bill and son, Ryan worked night and day to repair the damage to the house. One of my favorite memories is when my brother (who was scared of heights) was up on the roof, and Dave pulled the ladder away until he started working. We had many laughs about that. As the years passed and I remarried, I was excited to hear from Dave and Susan. It feels strange to me to call him Dave...because he was always Dad to me. My heart breaks at the loss of such a beautiful man. Susan, I remember you called Dad "Pooh". Matt and I were in awe at the special love you shared and wanted to mimic our relationship after yours. I loved hearing Dave's stories and he would always start off by calling me "Dear". I could go on and on about what an incredible man David Allison, Sr. was. He will always hold a very special place in my heart. I love you all and will keep you close in prayer. My deepest sympathies. Carol
