“ Your mother was a dear friend. I lost track of her for the past many years but I will always consider her a very special person in my life. As part of the Woodward "gang" who moved from Rockford to Fort Collins, we bonded in newcomers, our neighborhood and forged friendships with other transplant newbies. Oh, the great parties we had! I would enjoy a cup of coffee with her several times a week and during these sessions we would talk about everything from kids to cooking to how to run the world. I had the privilege of selling the Indian Hills house to your parents and the best part was the joy of the search which ended up with their being our neighbors.

*She was a talented, giving, very bright lady. What a privilege to have been her friend. I would love to sit down with you Terri and Jeff and have a long conversation. I*

*want to know what happened to her after Bill passed. You can reach me at 484-0652 or ragjparker@msn.com. Jay and I just returned from Arizona, and as we were passing Leisure World one day a flood of memories of our dear friends overtook us and we had a good talk about the "old" days.*

*Our condolences to Dawn's children, grandchildren and great grandchildren. She left all of you a wonderful legacy.*

*Jay and Ruthanne Parker*

“ This is Priscilla and Keith Carr sending a note of sympathy to those of you in her family. Bill and Dawn were our first neighbors in Rockford and then we kept in touch plus visits after they moved to Colorado and Arizona. She was a great friend. May she rest in peace.
