“Debbie was so loved. We were sisters in Christ, dear friends and coworkers. We pored over Scripture and study books to discover what we thought and believed. We were political and news junkies whose appetites were insatiable.

We helped form a book discussion group many years ago with books ranging from spiritual (from Christianity, Islam, and Buddhism to reincarnation) to politically themed nonfiction books, to outstanding fiction such as *The Life of Pi* to historical fiction and nonfiction such as *Uncle Tom's Cabin* and *A People's History of the United States*! No book was too controversial or daunting for our group to tackle. Debbie added so much to the group because she was sharp as a tack, intellectually reflective and an ardent defender of her thoughts and beliefs; our group meetings were inspiring, intellectually challenging and invigorating!

Her work as teacher at the adult education center was remarkable. She had an incredible ability to reach the students.

I will miss her so much. She was an inspiration to me with indefatigable energy and optimism.

My love and care to George, Crystal, Christopher and Carolyn. They were her world.

“I loved to hear Debbie talk. She had such a love of life, of George, of her children and of her students and she expressed it with such exuberance. Many times we'd sit and talk after work and solve the problems of the world, it was always fun and enlightening. I'm so glad I got to know Debbie.

“ She will be missed, I only met her once and had a very nice visit with her. I had a brother that God took at the early age of 32 and left six sons at home, we wonder why this happens but we just have to trust that God knows what is best for us.

“ The last time when I saw Debbie was in her brand new "dream house" in Colorado on December 30th, 2008. It was the day Debbie shaved her hair due to her treatments. I still remember her beautiful smile relishing the most spectacular Rocky Mountain view over her bedroom window. Debbie said she so enjoyed watching the sunset. She truly helped me to understand the depth of one's journey. I will hold her high spirit dear in my heart. I just want you to know that my heart hurts for you, but I will pray for strength for your family.

“ Sincerest condolences to Debbie's families in Colorado & Kansas, a
very sad feeling falls upon me when I hear that one of my former
students has passed on. I was one of her Jr High teachers &
neighborhood friends as she grew up in El Dorado(on Fredrick
Dr)as she was part of the neighborhood group of kids that keep it
alive & filled with excitement.She & her sister were part of our family
as they babysat my oldest daughter. May God receive her with open
arms for she has done so much good in this world.

“ To the Summers Family:

I recently learned about Debbie's passing. My heart sincerely goes out to your family.

I worked and collaborated with Debbie during her time at the GED program in Topeka. I would come to her classroom and do presentations to her students about their next opportunity inside of education. I remember, fondly, our talks about her individual students and how much potential she saw in them.

One time, one of her students was supposed to meet me at Washburn University to enroll and she didn't show-up. I called Debbie out of concern and within minutes Debbie had tracked down the student. After Debbie gave the student a pep-talk, she finally made it to the school. Debbie was not going to let anyone fail, not on her watch - and the students she touched will forever thank her for her tenacity.

Those who knew Debbie saw her passion surface when it came to education and all the jewels she knew it planned to offer the future. She was such an amazing advocate for education! Her presence and energy was truly infectious! I feel blessed to have served together on our mission to allow education to be a positive change agent.

She will be missed, but never forgotten.

Respectfully,

“ I meet Debbie when we were seven years old. We played on the same softball team and that was the start of so many, many memories!!! And years and years of softball games. She was such a wonderful person, who always made me laugh and never, ever had a negative thing to say. As so many have said before she touched every person that she met in a positive way. I will cherish every memory that I have for the rest of my life. Thanks for the good times, Deb!!

“ We were surprised and saddened to hear that Debbie passed away. A couple of weeks ago Mackenzie was asked by her little sister which ball team was her favorite and she replied The Rhythm. Mackenzie not only enjoyed playing for Debbie she learned alot, too.

“ George, kids and family,
I am so sad about Debbie's death. I felt she was an amazing person. A great friend and a wonderful Mother. I admired her in so many ways. I enjoyed so much being in Sunday School with her and later in the book club with her. I respected all that she had to say and contribute to those groups. I am thinking of each of you at this time of sorrow.

“ Thank you all for sharing your thoughts with us about Debbie. She was a special daughter who will be greatly missed. We are glad she is no longer suffering and is waiting for us in Heaven. It is so special to read comments from so many of the people she touched with her life.

She always talked so fast, maybe that was because she only had a limited time on this earth and she had a lot to say.

We all loved her dearly. She was so brave and optimistic in handling her illness. She never felt "why me?" or was angry about any of it. I'm proud of her example to many of us.

I know she is with her Dad and many other loved ones in God's care.

“ It is so difficult to lose a person you love and care about. Please know that a little bit of Debbie lives in each of us who met her, and because of that we are each blessed. Debbie's contagious enthusiasm was evident in all that she pursued. She encouraged students and fellow staff members alike to go that extra mile, to think outside the box, and to care without judging. Know that we will miss her, but we will not forget her. Blessings.

“ We were blessed to have Debbie as a co-worker at the Adult Education Center. She always brightened the room. Shortly after Debbie came to work, we discovered that we both grew up in El Dorado (Debbie was a couple of years ahead of me). We would laugh and exchange stories. Debbie spoke often of her family. She loved you all very much. I was always amazed and in Awe of Debbie. She will be missed. God Bless you.

“ I was so lucky to meet Debbie when I started teaching at the Adult Education Center in Topeka. She instantly took me under her wing and told me everything I would ever need to know about teaching adult ed. She was one of several awesome mentors I was blessed with. She always made time to stop in and see how things were going. Our last meeting was in the garage of her house before she left for CO. She was cleaning things out and had a bat bag full of goodies ready for the next generation of ball players. I will be reminded about what an amazing woman she was every time my daughters are wearing one of those batting helmets, swinging the bat, or catching a ball in one of those hand-me-down gloves. God's blessings to her family during this difficult time.
