“ *Ron and Dorthy, though not blood related were as much apart of our family as anyone. My wife and I and our kids looked forward to enjoying their company whenever we would vist the shared property that they lived on with my Aunt Dyanne and Uncle Don. Whether it was family gathers, Christmas, thanksgiving or whatever we could always count on Dorthy's loving attitude toward others, her wonderful accent and the delicious dishes that she would make for any occassion. We are better people to have know Dorthy and Ron and our prayers, thoughts and hearts are with Ron and his family. Thank you both for allowing me and my family to share your lives.... “ *To my brother Ron,
The last seven years I have watched you take care of Dorothy and the love you two had for each other is one of a kind. You are going to miss her but, you can be proud for the way you took care of her with so much love.
You taught us all so much. Your patience, understanding, but most of all your love for Dorothy was remarkable. I love you!!!*

“ Dear Ron,
I have a special memory of you and Dorothy at the Senior Prom. When I first moved to Fort Collins with my mother, who has Alzheimer's, we attended the Prom together and sat at a table with you and Dorothy. I enjoyed hearing all about your romance in England. I know you will miss Dorothy every day.

“ To my brother and sometimes hero, Ronald. Your generous loving spirit has been an inspiration to me. That loving spirit was put in action everyday with Dorothy. You were blessed to have shared your life with this wonderful lady and in turn were a blessing to her. I will miss her, but I know her spirit will always be with us. I love you - Betty

“ I met Dorothy in 1972 at Fireman's Fund Insurance when I went to work there. I did not know it at the time but God had introduced me to someone who would change the course of my life, which was chaotic at best back then. I was young, getting divorced, and had a new baby. I was angry, bitter and withdrawn. One day she literally took by the shoulders and shook me to get my attention and I will never forget what she said. "If you don't get that chip off your shoulder you will be a very lonely unhappy person..." I realized she was right but I had no one to turn to then. Dorothy and Ron filled a void in my life that I will never forget, and have for many years called them Mom and Dad.

I was included in many happy Thanksgiving and Christmas celebrations in their various homes. I loved spending time with them whenever our schedules would permit, as I had moved 35 miles away, and eventually to Northern California, which really limited our time together. I had the good fortune to spend one last Christmas with them prior to their move to Colorado and saw Dorothy to say good bye just this past February in Colorado. I shall always love her, and Ron, for their loving, kind, giving nature.

I gave them an engraved plate many years ago with a poem written by Richard Bach:

The bond that links your true family is not one of blood, but of respect and joy in each other's life. Rarely do members of the same family grow up under the same roof.

Never truer words were written than those for my me when speaking of Dorothy and Ron Weers. They are both angels of God and they saved my life. I am truly blessed for their involvement in my life. God bless Dorothy on her next path of life in the hereafter, and Ron on his next path here on earth.
