“ *Once my mother in law and friend to me as a young man. We never shared a cross word of any kind to my memory. She was always a saintly and gentle woman. I admire her greatly. She had always been the measure of how good a women can be. She used to perform her prayers in the wee hours of the morning as I remember disturbing her one morning briefly. So sad to hear of her passing. Always thought to look in on Eiko when I visited Colorado over the years, that was my intent here today, never did, now never will. God speed to you Eiko. Grace to your family. You have always had a place in my heart. You always will. Yes, i still have the bronze bell you brought me from Japan. It has hung in the wind of every home I have ever had, many a storm and hurricane broke it's cord. It was always repaired in honor of you. Always will be too!*
