“ So sad to hear of Betsy's passing. We grew up in the same neighborhood and was friends with her twin brother John. She was always a vibrant and fun person. To this day I'm still friends with her brother Bill (Ralph) and see him often. Betsy went to grade school with my sister at St. John the Baptist school. I'm sure she will greatly missed. May she rest in God's peace!!

“ Dear Betsy,
Although it was 42 years ago that we met while working in the lab at St. Vincent Hospital, I remember you like it was yesterday. We had fun working together but it was the time we spent outside of work that I remember so fondly. I loved your dry humor and your keen instincts about others. I loved the long talks we had, playing pool and having a beer. We lost contact when I moved to San Francisco in 1980 and over the years I have tried to find you. It was only by some Divine intervention that I found your obituary today. So sad we could not reconnect before. May you Rest In Peace with all the other angels.
