“ I had reconnected with Betty over the past couple of years, her dad and my mom were brother and sister. I am very thankful to have gotten to know her over the past couple of years. Betty had a good heart, and she loved her girls she would tell me everytime she wrote me a letter something about them. She looked so pretty at Colleens wedding, so happy, she looked like she was glowing. In the last letter I recieved from her she told me that she got to meet her grandson's she seemed so happy to be able to see them and hold them. Betty called me on the Tuesday before she passed away to let me know that she was ok and she missed me, I texted her back and told her I would call her that weekend, but it was to late, it is killing my heart that I did not call her back sooner, I will forever regret just taking a minute to call her, I hope that she knows that I was always thinking of her and that she will forever hold a special place in my heart. It comforts me to know that she is at peace and in God's hands, He will take care of her. I love you Betty.
