“ *I knew Eric from shortly racing RC cars in the mid 2000's in the parkinglot of Hobbytown USA in fort collins, CO. I was just a kid but always looked up to him, he was a phenomenal ambassador of the hobby. He would go out of his way often to make it so kids like myself could share the same passion he did. I don't race RC anymore but looking back at those days he was a huge part of who I wanted to be and who I am. I was floored hearing about his loss as I am sure many were. He was truly a bright star who I will forever miss. Condolences to his family.*

“ Angela,
So sorry that we lost Eric, he was a good person, a great friend and the manufacturer of the rc car that we have been running since 2006. I remember when Donna and I finally got to meet you in Durham NC when, you guys came to Duke for the checkup. We got to have dinner together at Nantucket restaurant and got to know you, what an awesome caring person you are, what a blessing for Eric to have you beside him for that time in his short life. Donna and I will miss him immensely as a friend and also now where do I get my car parts lol

Wishing you all the best in the future

“ Eric had such a huge personality and I wanted to share one great memory. Anytime he ever saw me he called "The Real Jade Mercer". I worked with him at A&P and after I interned my computer was returned to IT and re purposed to Eric. They must not have changed the internal settings on the computer because anytime he was working in a file it would still have my name assigned to it. When I met him for the first time after coming back to A&P full-time he said oh you're "The Real Jade Mercer". That nickname stuck for the next 10 years! He will be missed dearly. My condolences to his family.
