“ We are saddened by the passing of Erika, our dear friend and neighbor of many years. She will be missed around the neighborhood. What we appreciated so much about her was her tenacity during difficulty. Although she did not try to hide her aches and pains, she still tackled her chores with diligence. We would sometimes chat over the fence in the backyard as she took a break from weeding or mowing.

Erika shared her love for nature...birds, flowers, and plants, and she was very appreciative when we shared fresh vegetables from our garden.

Because she was such a humble woman, she rarely talked about herself, but occasionally our conversations turned to her childhood, motherhood, career, or relationships, and we always loved those times and her sweet German accent.

Our lives are richer for having known Erika, and we will miss her.

Our condolences to Susan, Caroline, Vanessa and all the family. Your mother was a blessing to us, and we pray for you to be comforted by many fond memories of her as you mourn your loss.
