“ *I met Felipe when I worked at Bennigan's with him and soon developed a friendship. Such awesome memories that have kept me laughing and smiling for years. Much love and prayers for his family. RIP Felipe.*

“ *My Lambda Chi brother... we lived across the hall from one another and I don't remember a day I didn't see you smiling and happy... You were never anything but kind and supportive to me and anyone else I saw you interact with - not sure what happened, but the world lost a wonderful soul when you passed. Love to you always - Hovde*

*Sorry your life ended so soon cousin. You always always always made me laugh. Your mom and dad are the funniest relatives ever. Their magic rubbed off on you for sure that gift of laughter. Now you are with them in spirit world, in heaven and for that I feel happy for you cousin. I love you now, always, and forever. Never ever forget you cuz. 💕*
