“ *It was my privilege and pleasure to work with Helen at Langley Porter. In addition to her excellent clinical skills and quick wit I remember her great kindness and respect for her patients; her ability to meet people where they were was remarkable. She was also a wonderful teacher. My sympathies to her family.*

“ *May knowing that others really do care about your great lost, give you a measure of comfort. May the Father of tender mercies and the God of all comfort, who comforts us in all our pain and sorrow help you to go from one day to next.*

“Helen was a wonderful nurse and one of the few nurses I'd worked with who always gave very difficult psychiatric patients intelligent compassion, and supported their personal integrity in very difficult circumstances. In the early 1990's she worked part-time at Langley Porter Psych Institute on the locked and open units while under my supervision and I always appreciated her positive and intelligent care.

*My condolences on her passing.*
