“ *Darwin was one of the most amazing people I've ever met-- brilliant, funny, talented, kind, a gifted writer. He was like a father to me and never failed to encourage me in my writing and with my two girls. The world has become a sad place for me, without him. I will treasure all his kind words forever.*

I miss you Darwin and so do Tia and Robin.

“ Darwin use to tell me I had "one of those faces that said - I am interested in you". What a beautiful thing to say, and it truly touched my heart. Darwin did amazing things. God Bless the Family at this time.

“ I was sorry to hear about Darwin. I remember getting into some spirited debates with him, eating octopus and other "delicacies" at the Swett home not normally found in Dickinson, ND! While we didn't always agree I had much respect for his accomplishments and achievements. Through our debates I learned to see and understand the other point of view. I had a lot of fun with John at the house in my high school years.

John you have my sincerest condolences. Please give me a call, I've completed all of my projects! When I tried to call you before Christmas your Denver cell number said it was no longer in use and didn't give a new number.
