

Jack Caputo

January 7, 1949 - March 8, 2011

Dr. Giacomo “Jack” P. Caputo, of Sunrise Ranch, Loveland, Colorado, passed suddenly the morning of March 8, 2011. He was a friend to many and became a close friend to his patients who benefited greatly from his healing wisdom and experience, his reverence for serendipity and divine guidance. He inspired us to open our hearts – to each other – to the earth’s beauty – and to our inner purposes. And Jack made us laugh! He is missed already, but will be so constantly remembered by all who have known him. His adventurous spirit included love of travel, fishing, camping, scuba diving and the outdoors. He couldn’t sit still! He loved to collect wild mushrooms and would start scanning the late summer skies for signs of rain in the mountains so he could rush up to gather the sudden bursts of mushroom varieties. He grew his own herbs and was an excellent chef who wowed friends and family with his always unique creations. All who knew him will miss his larger than life personality and big generous heart. Jack was born January 7, 1949, in Brooklyn, New York, to Diana and Frank Caputo. He lived his early life on Long Island, New York amidst a large Italian family. It was his father who first brought the family to Sunrise Ranch in Jack’s childhood. The Emissaries of the Divine Light and the community of Sunrise Ranch have been consistent touch points for Jack throughout his life since then. The community has been inspiration and family, refuge and healing comfort for Jack. It was his father, himself a chiropractor, who encouraged Jack into chiropractic and Dr. Dick Versendaal’s pioneering Contact Reflex Analysis and medical intuitive pursuits, all of which Jack was

truly meant for! In his early years in practice he became a founding member of the Whole Health Institute and Fort Collins' Renaissance Business Group. He is survived by his brothers Salvatore (Debbie) Caputo and Francesco (Lisa) Caputo who are chiropractors in Plainview NY continuing their father's practice; and their children, as well as the many aunts and uncles and cousins who were such a vivid and loving part of his early life growing up in New York. The Caputo family and the "family of Sunrise Ranch" invite friends to join them for a celebration of Jack's life Saturday afternoon, March 12, 2011 at 2:00 p.m. at The Dome Chapel, at Sunrise Ranch, 100 Sunrise Ranch Road, Loveland, CO. Live teleconferencing of the memorial service is available by dialing 605-475-6350 and enter code 091632#.

“ *He was such a dear friend to my family especially Carole and my daughter Kim. I am grateful to god that he shared his birthday Jan 7th the same as Caroles with us and friends. He was the life of the party and we toasted both Caroles and Jacks birthday that night. He sent me a note the next week stating that it was the best birthday he has ever had. What he didn't know was that he made it a wonderful time for all of us and especially Carole. The entire Cohen family will miss him dearly and he will always be with us in our thoughts and prayers. We were all blessed by his presence.*

“ We celebrate your bountiful life, Jack!

Thank you for nourishing our bodies and our souls.

Thank you for the help you provided with our young sons when they needed a kind of care that only you could provide.

Thank you for your remarkable help on the day we were moving from Loveland and had just learned of a fatal event in our family.

Thank you for living outrageously, traveling where your heart led you, loving who you wished, and offering your tremendous gifts in your own time and way.

We offer our blessing to you now, Jack, as you return to the inner realms. No doubt there is some important assignment waiting for you there! Thank you for being available to Love's call once again.

Our tender love to you, Jim and Betsy Farrell

“ My picture of Jack is of him sitting at the breakfast table of "our family in Mexico" ENJOYING a sumptuous fare of homemade tortillas, scrambled eggs w/tomatillas, papayas, and yummy salsas. In between bites of ecstasy, exclaiming, "How did you do it?" He filled the kitchen nook w/joy, sensual pleasure, jokes and love for all. A gathering of spiritual seekers followed in that home and his love poured easily from one venue to the next. Each person got his special blessing. Thank you

“ I was not able to make it to the service, but was thankful to participate in the teleconference. The service so beautifully honored Jack's spirit. I worked for him (or WITH him, as he would have said) as an office manager when his in-home office was on College Avenue, in Fort Collins. He was always so excited about his work, and had an easy way of getting others excited along with him. Also, when I realized there was something else I needed to pursue, and I couldn't continue working with him, he was understanding and supportive. I loved the point made during the service that Jack didn't struggle to stay outside of the box because for him there WAS no box. Thank you Jack for your humor, your sincerity, and for touching my life.

“ Jack really touched my life as a healer and as a human being. He helped me, my wife, and our kids through lots of illnesses when we lived in Colorado, and in spite of the distance when we moved was always there when we needed him. I really treasure the wisdom, humor, and ready-for-anything creativity he brought to our men's group as well. He did a sweat lodge with so much authenticity and heart; all the others pale in comparison! I will miss you, wise soul, teacher, and friend.

“ I had the pleasure of working with Jack in his Fort Collins office for a couple of years. He was a terrific healer and it was a privilege to be a part of his practice and help him bring health and balance to many. He inspired me to study massage after I left and I feel his presence whenever I do bodywork. Jack gave much laughter and joy to everyone he met. Every time I think of him it brings a smile to my face and lifts my heart. I will always remember Jack with a smile and a laugh.

“ First of all, I wish you a happy journey and your spirit journey is in peace.

Jack, you were like a father to me, because you gave all your love and affection, and not only that, you gave us confidence, security, a home, honesty, good values and much more.

I can remember a lot of really cool experiences we had together, like fishing in the upstream of Sunrise, where we fished huge trout, or when we went fishing on the ice, we had to make a hole, but the wind flew the chairs, hats and everything we had. When we went to Acapulco to the home of the Crocker's we tried fishing, but when you launched the line with bait, all the gulls began to prowl the sin, we ended up catching a gull that was hooked to the hook.

I also agree that Baloo, our dog, came to your house and even though he began to eat the car wheel of your green truck, belts and dining room chairs, in addition he left all your carpet filled with his hair in your house, you still loved him a lot.

I remember when we lived there, we saw the 2006 World Cup together, it was very exciting.

I learned from you to do the muscle test, which was the way how you diagnosticated your patients and to date, sometimes I get it right.

I remember we went and you took me to your office in Fort Collins and I was always were taught new things, when we left, it was like a tradition between both, to buy lottery tickets of 10 Dlls. And I remember several times we won over 100 USD. It was very fun to scratch the ticket between both, because we shared a good time.

Apart, that you were as a teacher, you were like a children as well, very funny. We always had fun together.

I will miss you very much, but I know, you will always be in my heart.

I hope you always be happy wherever you are.

I love you very much.

Your friend Emiliano.

“ We are saddened to know of Jack's passing but am sure he is absolutely enchanted with his new adventure. Jack had worked his magic adjusting my daughters and me for years. His unique approach to chiropractic was the most effective adjustments of all. His kind heart and wonderful sense of humor created an ease for my then, young teenage daughters. He would have us all laughing during our adjustments. Jack we wish you well on your new journey. And to Jack's family and family of friends we wish you loving energy as you find a way to say goodbye. With love. Mary Rogers
