“ I met Jeannette in January 1986 and almost immediately became best friends. When Jeannette left to Colorado in 1990 when stayed in touch for a few months but lost track of one another in late summer of 1991. I started to really search for Jeannette in 1996 and came across wrong phone numbers but was excited to finally bfind her on Facebook in 2009. We hadn't seen one another since 1991 and we were making plans in October 2015 for me to come visit her in Colorado in spring of 2016. I was wondering if something had happened since I didn't hear from her. I noticed she no longer had a FB account in November 2015. In Feb. 2016 I was unable to locate Jeannette. I have tried to locate Jeannette every now and then but not sure why her obituary didn't show up until I tried to locate her again on October 11, 2018. Jeannette is deeply missed and forever will have a special place in my heart.

“ Jeannette took wonderful care of her patients. She took all of the details into account and had every aspect of their care taken care of. She was compassionate toward her patients and respected the situations they were in. Her patients were very lucky to have her and I enjoyed working with her. She will be missed.
