

Jennifer Marie Morscheck

October 27, 2020

Heaven welcomed an angel Tuesday, October 27, 2020. Our beautiful Jennifer (Jenni) Marie Morscheck passed from cancer at her home in Fort Collins, Colorado with her husband, Blair by her side.

We will always remember her kind heart and beautiful smile. She was a loving wife to Blair and a wonderful and patient mother to her two sons. Recently one of her friends said she wished she could be the kind of mother Jenni was.

Jenni was born July 14, 1984 to Pete & Terry Lippert of Eau Claire, Wisconsin. Jenni was a friendly young girl and developed many long-lasting relationships. People were drawn to her smile and laugh. She played softball growing up and didn't particularly like it when her dad said, "be a hitter!" Jenni and Blair met at a poker table in 2014 and they always loved playing the game together. They wed on December 22, 2015. Jenni was employed with Automatic Data Processing (ADP) for over 6 years at the time of her passing. She had a strong work ethic and really enjoyed her position within the Compliance Department. Jenni was raised with Christian values and carried those with her until her last day. She loved country music, she and Blair used to sit outside listening and laughing for hours on end. Jenni's whole world revolved around her two young sons. You would not find a more dedicated mother, anything they needed, she was there.

She is survived by her husband, Blair, two sons, Eriksson Wilkes (8) and Cash Morscheck (3), her parents, Pete and Terry Lippert, two brothers Steve (Amy) Lippert, Tony Lippert, a niece Ashley Lippert, and a nephew AJ Lippert all of Wisconsin.

May God's light shine upon you, Sweetheart, and grant you peace. Our world will never be the same without you.

A celebration of her life will be announced at a later date. The family requests no flowers please. “ Dear Blair, Eriksson, and Cash,

Terri dreamed and prayed for years to have a baby girl, and it was going to be her last pregnancy no matter what. And there she was : Miss Jennifer.

You would have thought Terri invented the words "baby girl", But there she was blue eyes, blonde hair, and good nature to boot. When she was first walking I used to kidnap her (we lived next door to them at the time) and we would go walking up and down the street. Her tiny fingers wrapped mine and away we would go.. Then came the day when she was up and packing to move to Colorado. My timing was always off, but I made it just in time for her to add the last couple of things in the moving van, so young and confident, no time for chit chat and tears, THAT was my Jenniper (my nickname for her)

Terri kept me up to date with jenny and all of the wonderful things happening with her life. Precious things like Eriksson, YOU and Cash. When you kids came home for that mini-reunion for us. It was so awesome to meet you and to see her in action as a mom. Just as I thought - she was awesome and you could look at her and know how much she loved being a mom and wife. She was complete. I finally got to really see her in all her element: happy and loved, for that I thank you.

*Love Always,
Auntie Sue*
