“ I cannot believe that Jerry has passed. I knew he was struggling from the letters we recieved from you. But from the last letter it seemed he was doing well and staying with you and Paul. Im so sorry for your loss. I just heard of this when the other day I was telling my Dad i have to make time to write Susan as you have been on my mind like forever. This is when he told me of Jerry passing and I thought he was incorrect that he was thinking of someone else as things around here arent going so well with both Mom and Dad. We have our hands full and this is why I havent had the time nor energy to write or call. Then over the weekend we recieved your Memorial on Jerry ...i was floored!! Again im am so sorry to hear I will let the family know and send them a copie of these Memorials. I havent got a phone number for you as the last one i have has been changed. So please give me a call 1-231-839-0079 or 1-586-206-6738. Im so worried about you I hope your operation went well and you are in full recovery. God Bless.,
