In addition, he was an avid supporter of both Rocky Mountain and Colorado State athletics. John retired from Western Area Power Administration after a long career.

“ *I was just heartbroken when I heard he had passed. On my birthday, no less. John was such a sweet soul. A teddy bear with a booming voice. When I moved home to CO from CA after my Mom, Georgia, passed away--John was so kind and always went out of his way to chat with me and he would often tell me how fond he was of Mom. It really meant a lot to me, and I will never forget it. Anytime we would run into him at a Rocky game, he always made me smile and had a hug for me--I used to love to tease him and get his latest update on coasters he had ridden or was planning to ride. He was just such a special person. I hate that he had to go through such struggles with his health--but I am relieved he isn't suffering anymore. I will miss him dearly. Dad and I will keep Barb, Amy and the rest of the family in our prayers. It's so hard to lose someone who is so very special and so central to your family. We are thinking of you all.*

“ *Dear Barb and family, We we're saddened to learn of John's passing. He was such a warm and engaging neighbor. We enjoyed all of our interactions with him. I know the old neighborhood will not be the same without him. Please know we are thinking of you. With warmest regards, Martha and Lloyd*

“ *John was one of the most active volunteers I have ever known. He
had a passion for supporting and participating in community and
neighborhood events and was certainly a regular volunteer or fan in
the stands for swimming and diving, Rocky football, basketball, and
wrestling as well as CSU athletic events. Much of the time his wife
Barb, was also involved and near his side.
In the neighborhood you would see him in his little red pickup or
walking. Downtown he would be with his fellow Kiwanis pouring
draws at festivals for fundraising. He will certainly be missed. I
served with John many years on the Village Green Board of
Directors and attended many events for swim team and schools.
