“ Johnny was the first guy I met when I started work at Rigden. We hit it off from the beginning (he reminded me so much of my dad). He was a Fun Loving, Kind Hearted man, and he seemed to be able read me like a book!!! He taught me alot and tried so hard to pound things in my head about how "life is short" and we (John and I) should take time to enjoy. I absolutely loved him and will miss him terribly. He will be greatly missed and thought of everyday, I adored him. Johnny, you will always and forever be in my memories and we will win that lottery some day!! My thoughts and Prayers go out to the Family, you did so much for him. Jackie, we will keep in touch! I Love You All!!!!

“ Jackie,  
Thank you for emailing the obituary. You have my sincere condolences. I never met your father, but I'm sure he was amazing to have such a wonderful caring person as yourself. I know you did a lot to care for him. Now it is time for you to care for yourself. God bless you always and bring you peace.
