“ *John, and in fact, all the Weatherly's were great neighbors when John and Stephanie and I lived there briefly in the early 70's. I remember that Susie used to babysit for my 2 and I always felt that if I was in need the Weathliy's were there for us. My sympathy to you all, Pat Wright*

“ We knew John when Jann worked at Mel-Mar Office equipment with John. John was a special person who loved life and it was always a pleasure to see him in Fort Collins. It is hard to believe that it has been 41 years since we met John.

He will be remembered by us as a fine gentleman, with high standards and a good friend.

Our thoughts and prayers are with his family in this time of loss.

“ I worked with John for a couple of years in the 1980's. A couple of times since, our paths crossed again. He was such a really nice man. I always thought very highly of John. I am sorry for your loss.

“ Sorry to hear the that John has passed from this life but I can only hope that he is he is now in heaven rejoicing that he has now graduated and he has eternity to look forward to with the Lord. I still remember having Christmas with your family when I was on my own and somewhat of an orphan and no place to spend the holiday. That Christmas will be one that I will always remember, especially the stocking stuffers....it was like an orphan care kit, it was awesome.

I am reminded of the door that John, Tom, and myself hung at Tom's house on Cedar. John seemed to be a pro at it and I learned how to hang a door that day. Even though he wasn't my dad it seemed like I was working with my dad and that was pretty cool!

I am sure you will all miss him deeply and I trust that we will all see him again someday when we too have finished our course in this life.

Love and Respect
