“ *k was a neighbor and a friend.
I could always count on him for help be it mental or physical.
I will ways remember when he gave me his advice when I was down about stuff.
He was always up Beat and can do.
I loved plowing the road with him on our atvs.
I miss being on the mountain with him and Deb since cancer made us move, not knowing he was having problems with it also.
Shawna and I are sending our love and prayers to Deb and family.
We loved you then,and we love you now.
