Kathy...have known Kathy for many years back when she lived in Perkinsville, Dansville and Wayland and beyond. Her spirit was always one of sincerity, kindness and living presence. She never changed over the years even with her illness. She welcomed you with a genuine smile. Believe God greeted Kathy the same as she entered heaven. Enjoy your reunion with your loved ones Kathy. Love you ❤️

“ Kathy Wager was the cool Mom 1 house away from ours. I was friends with her daughter Jill, but lost touch unfortunately after high school. However Kathy always took time for us and I tried to remember her birthday since it was so close to mine. She was a friendly amazing woman.

“ My beautiful cousin has been in my life as long as I can remember. She was our biking designation when Kim was a baby. It was a long ride up Wayland hill but she always made it worth the effort. When she came back to NY she always made a point to get together and get caught up on our families. My trips to Colorado we're always fun but meeting her and Amy in Ireland with my sister Annie is a life time memory. She always had a smile and her sweet honesty was like no one else. I hope I never forget her giggle is was infectious. I'm sure her strong faith has given her a special seat in heaven. Her girls were her pride and joy and raised them to be strong confident women just like her.

I hope time will turn your tears to smiles as you think of all the wonderful years with her.

Peace and love to everyone who loved her.

“ *Jim and I have many memories from our neighboring days with the Wagers. One, especially, captures for me Kathy's ability to make people her priority, to avoid letting events get in the way of our living together peacefully.*

Back in the early days of the neighborhood, before fences, barns, and corrals, we had a little black dog named Henry. He stayed home most of the time, but there were days. What I didn't know is that on at least one of those days, Henry had ventured into the Wager's yard - and relieved himself on Kathy's clean sheets hanging on the line.

This could have been cause for the Wagers never again to speak to the Ruffs. Instead, though, Kathy came over, told me what Henry had done, and asked me "to speak with Henry about it." I did speak with Henry about it and made certain his behavior improved. I also took away a valuable lesson from Kathy's gracious generosity.

Please accept our condolences.

“ I remember your mom letting Kim have a pajama party when we were kids the night before Thanksgiving. I believe this was my first pajama party! It was very memorable to me. Also, once when my dad forgot to pick Kim and I up from girls scouts in the car pool, we walked to Brown's house and called her to come pick us up. By the time I got home, my dad remembered and was out looking for us. What we put our parents through! Good times. I remember going to say goodbye as you were moving to Colorado. So sorry for the loss of your mom Kim and family. May God help you through this difficult time. Vicky Spencer, Wayland, NY
