“ *Aunt Belle was very special to me. She was able to positively influence all with whom she ever met. She was a warm, loving, and genuine person who met people very easily, and gained their confidence and respect instantly. If there ever was a person who lived a rich and full life, who never had anyone hold any ill- will toward them, it was certainly my aunt Belle. She looked for and found the best in all people. Her memory will live with me forever. I send this with all my love, wishing that I could be there for you. Jerry*

“ *Aunt Belle was one of the kindest most loving people I have ever known. She had the gift of being able to talk to anyone whether they were 8 or 80 and make them feel like they were the most important person in the room. When I married into the family almost 40 years ago, she immediately made me feel welcome and special. I always looked forward to visits with her through the years. She will be missed and she will always have a special place in my heart.*

With love, Judy

“ Although I wasn't able to get to know Lillie during her healthy, active years, I was privileged to be able to learn of her extraordinary life. Meeting Lillie's family during a weekend shift with Pathway's hospice was pure delight. The families love and testimony to the life of Lillie was a blessing and demonstrated a life well lived. Please accept my most sincere condolences for your loss. Angie with the long blonde hair

“ I have many fond memories of good times at Lillie Belle's and Otis' home as I grew up. We would often go there, and the adults would play cards(Rook)while we kids played our games, etc. She was always a gracious hostess, and we all loved her. May God's blessings of comfort and strength be on Jim and Tom and all of the family.

“ Grandma,

The fond memories of childhood and the times we spent together will remain in my heart forever. Homemade gravy, bacon fried "not too crisp" but a little limber, canned biscuits with a little vegetable oil (to make them taste a bit better) and how proud you made me feel when I had cooked breakfast! The subtle teachings of Our Lord Jesus Christ and how they really have stayed with me, through good and bad times. The crickets chirping at night when I had sleepovers with you and Grandpa. Two quotes I always remember, "Always look your best when going out as you never know who you might meet" and "This too shall pass". Thank you for all the Love, support and memories throughout my life.
