“ Margaret was one of my closest friends in high school, a stand-out of a young woman whose bright spirit and concern for others already hinted at the course her life would take. She was strong, intelligent, funny, and loving. Searching for her 25 years ago, I was not surprised that she had become a healer. I've always been grateful that our lives crossed when they did; am sorry she's gone, and I miss her.

“ I remember all the fun times with Margaret on Dogs4Fun email list. Her dogs were always wonderful and adventurous. Margaret was always a friend. She gave me courage when I was diagnosed with MS. And over the years, she has given me lots of friendship and hugs and help. Rest in peace Margaret. You shall be sorely missed.

“ Margaret was my neighbor for about 10 years, and we shared an interest in Spaniels (her Cockers and my Springers) and gardening. She was truly a unique individual. May she rest in peace...

“ While I haven't been in as close contact since Margaret had to give up her home she was a true friend. The kind who always had time to listen to what troubles life might bring your way. I know she was greeted by bright shining eyes and wet noses at the rainbow bridge, the four leg companions who meant so much to her for so long. There they were all made well and whole full of energy and walked or perhaps ran across the rainbow bridge into heaven together.

“ While I haven't been in as close contact with Margaret since she lost her home she was a dear friend. The kind of person you could open your heart with and share life's issues with. I know she was met by warm noses and bright eyes as she was reunited at the rainbow bridge with her beloved four leg life companions. Together they were made whole cured of all the ills they had to deal with in this world as they walked across the rainbow bridge together into heaven.
