“ Auntie always made me feel very special and loved.

*Some of my earliest memories are of spending time at her house in Speedway, eating peaches, sugar and milk from the tree in her back yard and going to the dime store to eat at the soda counter. She was an excellent cook and made the best fried chicken I have ever had.*

*The highlight of every year from second grade through high school was when my sister and I would spend summers at her house. No matter where she was living her house was our favorite place to be.*

*Auntie and Uncle Paul made every day fun and gave us a chance to be like only children and coming from a home of 9 kids this was a priceless gift.*

*She and Uncle Paul had a gift of making you feel special and happy. They are both truly missed.*
