“ *Everybody has to know that he lived in Lincoln Nebraska. He was a great friend to a lot of people! His nickname was Moose and we all loved Moose. To me though he was my brother. He helped me out of the deepest and darkest times of my life, loved my 4 boys, and I helped him back. We were best friends. I've tried to find my brother for years to be able to talk to him. Moose, I love you!*

*Love Always,

“ Mark and I went to jr. high and high school together and then enrolled as freshmen at Peru State College in the fall of 1969. We played football at Peru but, unfortunately, he broke his leg during preseason practices. it was real hard for him to get around with his cast so he stopped going to classes and dropped out of Peru before first semester ended. After he left the dorm, a strong odor started coming from his room. it seems that before he left he had left a partial bowl of cereal and milk in his room and the smell was horrible. i don't know if he did it on purpose but knowing his sense of humor there's a good chance he did! Rest in Peace "Moose".

Watching his football games praying for him to live through the train accident being my Lamaze coach for the birth of Renae. And so is many more. Give Mom a big hug and may you breathe freely and free of pain in your eternal life love Susie*
