“ *Martha was a very kind person who sang in the choir with me for many years and we stayed friends. She loved her cat Jamie. We enjoyed lunches together and during a hurricane she stayed with Art and I. She will be missed. Jean becotte*

“ My favorite memories of my Nana are when we would go visit her in Florida as kids. It was quite a special thing to get on a plane, and go down to Tampa to visit her and my Pop Pop. I remember her house always being so nice and clean, and she had this cool waterbed that I liked to jump on. My sisters and I would swim in her pool with the huge alligator toy, and we would take fun day trips to the local beach or other fun areas.

When I was in my 20's, I went down to visit her by myself and one time I took her to The Magic Kingdom for the day. She enjoyed that day so much. Even though we were both older, Disney still brought out the kid in both of us. She saw a crown ring in one of the stores, and I surprised her and bought it for her. She loved it, and always wore it and thanked me for it.

We used to write each other a lot of letters back and forth over the years. She had such nice handwriting and told great stories. I used to send her letters and enclose some pictures. I miss our correspondence. It was nice getting something in the mail from her.

The things I'll always remember about my Nana are how warm she was towards me, Joe and Ashton. Ashton was only a few months old when she first met him, but I'll never forget the pure joy and love she had on her face when she first met him. I'm glad she was able to meet him, and we were able to spend some time with her in her home.

I will miss my Nana, but I'm glad she's no longer suffering. I know her soul is happy and at peace, and I will always think about her and all the good times we shared together. I'm thankful for all the love she gave, and how she made me feel. She will be missed, and I will always love her and Pop Pop.
