

## Baby McKade Uisce Wolfgang Weber

December 14, 2023 - December 14, 2023

McKade Uisce Wolfgang Weber was born sleeping on Wednesday, December 14. He is described as the most perfect little boy, weighing in at 4 pounds, 14 ounces, and 18 inches in length, a head full of hair, and the cutest little nose. It is hard to grasp how and why such tragedy happens, and though his family did not get to hear his cry or watch him grow, he was, is, and will always be real and so so loved. Mommy, Daddy, and Big Sister love you, and cannot wait to hold you in heaven.
