

Megan L. Dyer

April 2, 2022

Megan L. Dyer, age 63, of Fort Collins CO entered the transfer portal of her choosing on April 2, 2022. She was at her home surrounded by loving family and friends. She passed peacefully, with dignity, on her own terms.

She was born on January 3, 1959 in Madison WI, the third child and only daughter of Kimball K. And Norma J. Dyer. Most of her adult life was spent in Fort Collins where she worked in administration at Colorado State University until her retirement.

She was pre-deceased by her parents and older brother Kirk. She is survived by her brother Randall and his wife Pamela of Madison, along with several cousins and lifelong friends in both Colorado and Wisconsin.

Happy trails, soul sister. Peace. Out.

“ *So sorry to hear of Megan's passing. My condolences to Randy (the last one standing), and to all other family and friends. I only met Megan once, but my predominant memory of that meeting was her laugh. I hate losing those kind of people.*

“ *Megan became a part of our family many years ago; in spirit, tho, not by blood. I think that made our relationship even stronger - Family We Choose, as they say. She was my confidant, my friend, and more...I, and my family, will miss her forever, but she will be living in our hearts and memories for just as long. God Speed, my friend. Now, go rest in peace.*

“ *Megan was a hoot! From the first time I met her when she was helping us get our student athlete assigned in the residence hall to the final time I saw her at her party...she was a hoot. With us both having Wisconsin roots, we always had something to talk about! She acted tough with the students, and sometimes with me, but she was so kind and she would do anything to help students have a better experience at CSU. And she was aware enough to know that, sometimes, that might mean they just needed a kind word to get through the day! I can't help but smile when I think of her! Go Rams, Megan...Go Rams!!!*

“ *Megan was a friend to all. I met her at Gompers middle school . She was a firecracker and a mover and a shaker. Loved her infectious laugh. Lots of fun times through high school . As with alot of friends when we both had moved ,we kept in touch through social media . She will be missed*
Condolences to the family
