

Megan Zimmermann

May 5, 2023

Megan Rebecca Zimmermann of Thornton, Colorado passed away at home on May 5, 2023 after a short but tenacious battle with bile duct cancer. Megan was the best wife ever to Casey Brigham, the best mom to Tristin and Samantha, and the best Nonnie to Skylar Rebecca. She is survived by her parents Lyndell and Nancy Jewett and her little brother Sean, and preceded in death by her older brother Lynn Jr. Megan was a pediatric critical care nurse, a lifelong student who was about to graduate from her Acute Care Pediatrics master's program, and an avid photographer in her rare moments of free time. She loved the beach, the mountains, and the water and dragged Casey to the ocean any time she could. Megan was loved by so many and will be so greatly missed. Services will take place on May 19th, 2023 at 10am at Seven Stones Botanical Gardens Cemetery at 9635 North Rampart Range Road Littleton, Co 80125. All are welcome, dress is casual with Hawaiian shirts encouraged. In lieu of flowers, please consider donations to Megan and Casey's GoFundMe to assist with funeral expenses or the Cholangiocarcinoma Foundation in Megan's memory.

Tribute Wall

LE

“ Here to put some words on a wall for all of those who were touched by Megan and want to say something, but simply can't find the words. I find myself there now. There are no words, but simply large condolences to her family, and incredible memories to remember. This light may be out but will never be forgotten. Thank you for the genuine impact you made sweet Megan. Praying over your family in this impossible time.

“ It is beyond belief to read the obituary of one of the most amazing women I have ever known. My deepest condolences to Casey, Tristin, Sam, Megan's family and all her friends. Megan was and always will be one of my dearest, most cherished friends. She was an incredibly hard worker, a dedicated wife, mother, nurse and PhD student, fiercely independent, quintessentially pragmatic and extremely kindhearted. Megan had a uniquely wicked sense of humor and the most generous nature I have ever known. Her skill as a nurse and patient advocate will remain legendary with those who were privileged enough to work beside her, and will be remembered by the patients who received her uncompromising care. The legacy Megan leaves is evidenced by the love we all feel for her and that love continues to flourish in her two amazing daughters and darling granddaughter. I am so grateful to have known and loved such a wonderful person as Megan, and to have cherished her as my dear friend for so many years. The memories of Megan and all the good times we shared will remain in my heart forever.

“ With all my heart I send you my sincerest condolences on your loss. It was way too early to say goodbye my friend, and I was deeply saddened to hear the news.

I haven't talked to Megan more than a couple times since high school, but I know she will be missed dearly by her family and friends. We had some adventures at the olé castle and under it as well in our younger days, so I know I will miss you as well even though our paths hadn't crossed in many years.

“ I met Megan when I was a CA in the PICU a few years ago. It was my first inpatient job ever and I remember her being so kind and willing to help me learn the new ropes. I started nursing school while I worked there she was always open to teaching and explaining new things to me and did it so well. I looked up to her. She was an inspiration. She left an imprint on my heart and in the PICU. She will be greatly missed.

“ First, sincere condolences to her family. Second, Megan was a fierce advocate in the care of her patients in the PICU. Call her relentless, call her dedicated, call her compassionate. She was all these things and more. She was a blessing to the kids and families here as well as known for brining M&M's every shift and shared with staff. She will be very much missed although not forgotten for the dedication she displayed. On behalf of all the pediatric patients she cared for who may have not been able to say thank you, I would like to recognize the impact she had for them. I have been privileged to work with not just a nurse, but someone with such a beautiful heart.

“ Megan was one of the best nurses I have ever worked with. She always showed up with a smile on her face, and a bag or two of candy in her hands. Her grace, skill and knowledge at the bedside will be greatly missed. Megan, it was such a pleasure to know you and work with you. Will be greatly missed here at Children's.

“ Some people, like Megan, leave a hole in this world when they pass. The only way to fill that space is with the memories of those who loved her. You were an inspiration, Megan, and I will never forget you.

“ Megan was my first friend and my best friend. We plotted together against my folks and caused them all kinds of torment. I love her, and I will miss you, sis.
Love, Sean
