“ Oh mamma, I loved dancing around the house with her while Mike (her husband) and Christian (son, my fiance) were at work. We would open the front door and all the windows to let in fresh air, and then just blast music! Lol I'm sure the neighbors loved it... but we didn't care! I really loved and cherish those times.

“ I have so many wonderful, fun and crazy memories of her and I... but one that stands out to me is when her and her husband Mike and my husband at the time David were at some apartments and the men chased a duck around until they caught it for us and her and I laughed so hard just watching them run around trying to catch that duck! She was a fun person and I will forever be grateful I got to be a part of her life! I will always cherish our memories and I will see you on the other side! Love you Michele
