

Parviz "Paul" Azari

February 3, 1931 - December 15, 2017

Respected Colorado State University Professor Emeritus Parviz "Paul" Azari died Dec. 15, 2017. He was 86.

Dr. Azari moved to Fort Collins in 1963 with his wife and young family to help build and serve as a professor in the newly created biochemistry department at Colorado State University. He retired after nearly 40 years of teaching and research at CSU. His dedicated efforts were responsible for enabling generations of students to thrive and excel in their chosen fields.

Born in 1931 in Baku, Azerbaijan, Paul grew up in Tehran, Iran. He came to the United States in 1948 to attend undergraduate school at the University of California, Berkeley. He earned his doctorate in chemistry from the University of Nebraska.

Paul married Harriet-Ann Coates in 1955. She preceded him in death in 2009.

They had five children, Aaron, (Anita), of Arvada; Doran (Kathy), of Greeley; Victoria Loran (Tom), Nina Azari and Katherine Azari (Dan MacArthur), all of Fort Collins.

Other survivors include a sister Turan Ilse (Roland), and a brother, Eric Azari, both of California, six grandchildren and one great-grandson.

Paul loved his garden, was an accomplished watercolor artist, a great cook, a loving husband and father, and a generous man. He was always curious about the world and enjoyed learning about the people he met in his life. He will be dearly missed.

In Paul's memory and in lieu of flowers, please send donations to the Wild Animal Sanctuary at 2999 Co Rd 53, Keenesburg, CO 80643.

“ *I'm sorry I just heard of Paul's death. I am pretty sure he and my dad worked together for a little while in the chemistry department. I am thankful that your family came to Fort Collins and for all the good memories we share.*

“ *Paul was my colleague and friend since I joined his department in 1971. He was always available for discussions of science, especially protein chemistry, teaching, especially ideas for laboratory instruction, and politics, especially middle-eastern relationships. We fondly remember that every year for the department's holiday party Paul made piñatas, which were always the biggest hit with the kids. Laurie and I enjoyed taking Paul on his first trip to the Wild Animal Sanctuary and we treasure his painting made for Laurie in which he depicted the lion throughout history, incorporating a painting of one of her photographs taken at the sanctuary of a lion yawning. We send our heartfelt condolences to all of his family. Paul will be greatly missed.*

“ I'm thinking of all of you at this time as you transition to being the elders without Paul & Ann. My memories go back to those preschool & elementary days as I watched you go into thoughtful young adults guided by your amazing parents. Continue to blossom as Paul & Ann's wisdom resides within you.

It has been almost a year and I remembered your family in Ft. Collins, back in 1972 or so. God Bless Mr. Azari.
