

Patricia Hoyer

July 2, 2024

Patricia Brownfield Hoyer passed in the evening on July 2, 2024. She is survived by her three children, eleven grandchildren, and three great-grandchildren. Born on July 23, 1942, she lived a full and rich life and went to join Jesus as she approached the completion of 82 years of life.

In addition to her family legacy, she left a deep impact in the lives of many medical students and scientists through her tenured teaching career at the University of Arizona Physiology Department. She was also a 50 year member of PEO International. She left a lasting legacy and will be deeply missed by those she leaves behind.

In lieu of flowers, the family has requested that any donations in her memory be made to the Kalos Art Foundation (<https://www.kalosarts.org/patriciahoyer> memorial). There will be a public memorial for her at 11:00 A.M. on August 5, 2024 at Faith Church, 3920 S. Shields St. Fort Collins, CO 80526. Requiescat in pace.

“ I am deeply sorry to hear this news. Pat was my postdoctoral mentor and I learned so much from her both inside and outside the lab. She had a wonderful scientific mind and always pushed me to think of things from another viewpoint. Her training and advice carry me to this very day in my career and I am blessed to have known her. “ I am deeply sorry to hear of Pat's passing. She was my PhD mentor, colleague, role model, and dear friend. I owe her so much for helping me have a wonderful career and life. She really had a major positive impact on me. I truly admired her and will miss her deeply. Her legacy of training scientists and fostering careers will live on forever. Jodi Flaws
