

Rebecca Cloer

September 5, 1977 - June 21, 2008

Rebecca Ann Cloer, beloved wife and daughter, and former City of Fort Collins 911 dispatcher, died Saturday June 21st, 2008, after an extended illness. Becca, as she was known to her friends, was born in Detroit, Michigan on September 5, 1977. After graduating from Rocky Mountain High School (Class of '95), she attended Colorado State University and completed a Bachelor of Arts Degree in History with a double minor in Asian Studies and Math. Becca also completed a study abroad at Swansea University in Swansea, Wales, UK in the fall of 1997. She married her high school sweetheart, Jeremy Cloer in 1997. The two were described by all that knew them as the best of friends and he was by her side until the very end. Becca was a very talented artist who enjoyed music, cooking, and drawing the many characters she created for the large variety of roll playing and video games that she pursued in her spare time. She was an accomplished seamstress, and jeweler. Becca also had the pleasure of being called upon many times over the years to be a bride's maid and matron of honor. She was loved and adored by her many friends, especially by her smallest friends, the children in her life. She is survived by her loving husband Jeremy Cloer; brother Marty Singer; her mother and step-father Laurie and Tom Meek; father and step-mother Dennis and Jan Singer; Grandmother Stella Chrzanowski; in-laws Kathleen and Everett Cloer; and many other family and friends around the world. Services will be held at Faith Evangelical Free Church on Saturday June 28, 2008 at 10am with a viewing the evening before from 4pm till 7pm at

“ *Jeremy et al,*
I was very sad to learn about Becca's passing. It seems so unfair that this should happen to someone so young, beautiful and talented as Becca. She is cherished by many, including me. I'll never forget her and will keep you all in my thoughts and prayers.

“ *I remember reading Becca's journal often and greatly admired her courage and spunk. Do DSRCT patients also have a "brave" gene? I have known so many who have faced this enemy cancer with such great courage and fortitude. Becca was one of the strongest! Laurie - if you ever need to talk please call or e-mail.*

“ I didn't know Becca well, just saw her a couple of times, but held her in my prayers for many months. I am thankful for the time spent with her in the hospital with autoharp along for soothing music last fall. I am sure she will be missed by many relatives and friends.

“ My heart goes out to all of Becca's friends and family. She was taken way before her time. I got to know Becca when she was hired on in our communication center. I had the pleasure of being one of her trainers. I will never forget her smile and her laugh.

“ To Becca's Family:

Although I didn't know Becca personally, through the years when I worked with Dennis I knew how much she was loved, how proud Dennis was of her and all of her accomplishments; and that she was loved by everyone who came to know her. It truly breaks a parent's heart when a child leaves this world before them. I send to all of you my deepest heart felt sympathy. I pray that God will hold you in the hollow of his hand giving you strength and easing your pain during this very difficult time.

“ I am so sorry that Becca's couragous battle ended this way. It wasn't fair. Being best friends from kindergarten through our freshman year in college... Becca was the sister I didn't have. We did everything together. School, music, first job, slumber parties, Star Trek conventions... I survived adolescence because of her. I was tickled to help Jerery ask her out in highscool. Although we drifted apart as adults, she always has and always will have a very special place in my heart. It was an honor to be part of the circle of family and friends that was with her as she went to heaven. I miss her so much. Many prayers and blessings for those she left behind.

“ *Dear Laurie and Family
I know we have e-mailed for many years and that has been our only connection, other than the horrible connection of having a loved one with DSRCT. My heart aches for you and your family.
I just know that she is in a better place now with no pain.
You all did an incredible job supporting her through this tough illness. I as you know it is not a journey any of us have ever imagined we would be facing in our lifetime.
My thoughts and prayers are with you all at this ridiculously tough time.

Sean Ferguson - June 21, 2008 at 12:00 AM

“ A little over 30 years ago, I was a college student sitting in my dorm room, feeling badly that I wasn’t there when my little niece was born several hundred miles away. However, I was still very excited to be involved in a little girl’s life as the years would pass.

Between school and other moves, I haven’t had too many opportunities to spend with Becky, but she was always so very special to me. I was excited to hear about her musical and academic accomplishments. I was thrilled to have her at my wedding (I still remember a little girl with a huge smile on her face rolling on the floor in her pretty dress!)

Shortly after her graduation from High School, she came out East for a visit. She was so grown up and just a beautiful young lady with so much ahead of her. She was rather starry-eyed about a certain boy she liked. (I think his name was Jeremy!)

Being so far apart meant I missed all the milestones of her life. About all I could do was to enjoy them vicariously through photos and memories of those who were there.

Hearing about her cancer diagnosis was devastating. An Internet search, calls and emails evolved into a special network of online friends who shared treatment options, doctors, thoughts and prayers.

While our visits have been few, our thoughts and prayers have overflowed for Becky and Jeremy. I worried about my sister, Laurie, as she took on so many responsibilities as the years went on. I can’t imagine how many times she cooked meals, cleaned house, took Sasha for walks, paid bills, drove to appointments, called doctors and just stayed with Becky whenever she possibly could. A “mom” is indeed a wonder to behold!

I think Becky took after Laurie in many ways. She wouldn’t take no for an answer, she went “all out” in her life “ I was

amazed that she traveled overseas to study and see part of the world! She never gave up. She was sweet, thoughtful and kind. She bore her difficulties with grace and calm. Sheâ??d do anything she could for her family or friends, while in great need herself.

Iâ??m so thankful Becky had family and friends to help in her difficult times. Her brother, Marty, made himself available to drive her to appointments and spent many hours keeping her company. Tom, her step dad, played an important role by keeping things in perspective, pitching in in countless ways and taking care of Laurie in the process. Her grandma wished she were well enough to carry some of the load herself, but she was the one who stored away everything in her heart and just gave out lots of love and encouragement. (And she probably worried more than all of us put together!) There were many others who played various roles during the past five years as well.

The long battle is over. It must be a great relief to Becky as she is in a much, much better place. I look forward to the day when I will see her in Heaven, whole again. Until then, she is, and always will be, greatly missed.

“ What a very rough time for all of the family. To know Becca is at peace and suffering no more, most be of some comfort. But, to lose a child, who should out-live the parent in most situations, must be very difficult on all surviving family members.

“ Dear Family,

I just got in from a trip out of town and received this news today. We are so very sorry for your loss, for it is a huge loss!

God brought Becky into our lives five years ago when she came to Texas to have treatment at MD Anderson Hospital.

My sister lives in Pa., and has a friend who helped us make the PA. to Denver to Texas connection. She came in to our hearts and home as a stranger, but became very dear to us. Although we have not seen her in a few years, she became very special to many people down here in Texas. She has been very prayed for by people in our church as well as a small group Bible study that met in our house. We had the pleasure of meeting mom at one visit as well.

Becky did fight hard and long. We are grateful for the emails and updates throughout her illness. The words are hard to find at a time like this, so I leave you with some comforting Words from our Lord and Savior, Jesus Christ:

He said, "I am the resurrection and the life. He who believes in me will live, even though he dies; and whoever lives and believes in me will never die.

John 11:25

"Do not let your hearts be troubled. Trust in God, trust also in me. In my Father's house are many rooms; if it were not so I would have told you. I am going there to prepare a place for you. And if I go prepare a place for you, I will come back and take you to be with me that you also may be where I am."

John 14:1-4

May He comfort your hurting hearts and hold you close. Our prayers remain with you.

In His Love,
